SECRETARIAL AUDIT REPORT
FOR THE FINANCIAL YEAR ENDED 31st MARCH, 2018**

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule No. 9 of The Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To

The Members

Lakshmi Electrical Control Systems Limited

(CIN: L31200TZ1981PLC001124)

No.34A, Kamaraj Road

Coimbatore - 641018

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by M/s. Lakshmi Electrical Control Systems Limited (hereinafter called 'the Company'). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of M/s. Lakshmi Electrical Control Systems Limited's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the Company has, during the audit period covering the financial year ended on 31st March, 2018, complied with the statutory provisions listed hereunder and also that the Company has proper Board processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter.

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31st March, 2018 according to the provisions of:

- i) The Companies Act, 2013 (the Act) and the rules made thereunder;
- ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- iii) The Depositories Act, 1996 and the Regulations and bye-laws framed thereunder;
- iv) The following Regulations prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-
 - a) The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015;
 - b) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - c) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - d) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;

I have also examined compliance with the applicable clauses of the following:

- a) Secretarial Standards with respect to Board Meetings (SS-1) and General Meetings (SS-2) issued by the Institute of Company Secretaries of India (ICSI)
 - b) Listing Agreement entered into by the Company with the BSE Limited
- During the year under review, the Company has complied with the provisions of the Acts, Rules, Regulations and Standards etc., mentioned above.

I further report that, during the year under review, there were no actions/ events in pursuant of the following Rules/ Regulations requiring compliance thereof by the Company:

- a. Foreign Exchange Management Act, 1999 and the rules and regulations made there under to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;

- b. The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009;
- c. The Securities and Exchange Board of India (Share Based Employee Benefits) Regulations 2014;
- d. The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008;
- e. The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009; and
- f. The Securities and Exchange Board of India (Buy back of Securities) Regulations, 1998;

I further report that based on the information provided by the Company, its officers and authorized representatives, there are no laws specifically applicable to the Company.

I further report that having regard to the compliance system prevailing in the Company and on the review of quarterly compliance reports taken on record by the Board of Directors and on examination of the relevant documents and records in pursuance thereof, on test-check basis, the Company has complied with the labour and environmental laws as applicable to the Company.

I further report, that the compliance by the Company of applicable financial laws, like direct and indirect tax laws, has not been reviewed in this Audit since the same have been subject to review by statutory financial auditor and other designated professionals.

I further report that

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors, Independent Directors and a Woman Director. There were no changes in the composition of the Board of Directors during the period under review.

Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

All decisions at Board meetings and Committee Meetings are carried out unanimously as recorded in the minutes of the meetings of the Board of Directors or Committees of the Board, as the case may be.

I further report that there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

I further report that during the period, there were no instances of:

- Public / Rights / Preferential issue of Shares / Debentures / Sweat Equity.
- Redemption / buy-back of securities.
- Major decision taken by the members in pursuant to Section 180 of the Companies Act, 2013.
- Merger / Amalgamation / Reconstruction etc.
- Foreign technical collaborations.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Economy Overview

India's GDP has grown at the rate of 7.7% in the fourth quarter of 2017-18, retaining India's ranking as the world's fastest growing major economy. This financial year saw the alignment of GST laws to ease the functioning of the indirect tax mechanism. It also witnessed significant steps being undertaken towards resolution of problems associated with non-performing assets of the banks, initiation of proceedings under Insolvency & Bankruptcy Code by the creditors, further liberalization of FDI, etc.,

Opportunities and Threats

The Global Textile machinery market seems to witness a growth due to growing demand of the textile & the apparel market and it is expected to grow at a better rate. The major countries manufacturing textile machinery are Germany, Italy, Switzerland, France and now China. The textile technologies are available in two version low cost (semi auto) mostly manufactured in China and high cost (auto) in developed countries. The Indian textile machinery industry is nearly sixty years old. Rising awareness of robotics & automation in the textile industry is switching to "Auto" mode or at the least a "Semi-Auto" mode which can provide opportunities and pose threats.

Segment wise Performance

The main segment of the Company viz., Electricals has witnessed a moderate growth and the Company's financials reflect the same. The turnover of the Company increased in the business segments viz., Electricals and Plastics during the financial year 2017-18 registering an increase of 15.23% and 30.93% respectively.

Control Panel production continues to be the major part of the Company's operation and the Company continues its efforts in increasing the productivity levels and adding new customers.

In the Plastics Division, the Company is putting efforts to add new customers / products and thereby increasing the share in overall business.

Marginal increase in wind velocity paved way for marginal increase in generation of electricity by Wind Electric Generators.

Outlook

The Company is in a positive frame to grab the opportunity in the years to come and confident to maintain the growth of turnover and profitability. The Company has necessary and well equipped production facilities to reap the benefits of the growth opportunities.

Risk and concerns

Cost of production is highly dependent on material and labour cost which is the major part of the expenses. Value addition is one of the solution to mitigate the risk.

Internal Control System and Adequacy

The Company has adequate internal control system, commensurate with its size and nature of its business. The management has the overall responsibility for the Company's internal control system to safeguard the assets and to ensure reliability of financial records. The Company has a budgetary control system and periodically the actual performance is reviewed and the deviations, if any, are addressed accordingly. The audit committee reviews all financial statements and ensures adequacy of internal control systems.

INDEPENDENT AUDITOR'S REPORT

To the Members of LAKSHMI ELECTRICAL CONTROL SYSTEMS LIMITED

Report on the IND AS Financial Statements

We have audited the accompanying IND AS financial statements of LAKSHMI ELECTRICAL CONTROL SYSTEMS LIMITED ("the Company"), which comprise the Balance Sheet as at March 31, 2018, the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended and a summary of the significant accounting policies and other explanatory information. (hereinafter referred to IND AS financial statements)

Management's Responsibility for the IND AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134 (5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these IND AS financial statements that give a true and fair view of the financial position, financial performance (including other comprehensive income), cash flows and changes in equity of the Company in accordance with the Indian Accounting Standards (IND AS) prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, and other accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the IND AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these IND AS financial statements based on our audit.

In conducting our audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder and the Order issued under section 143 (11) of the Act.

We conducted our audit of the IND AS financial statements in accordance with the Standards on Auditing specified under Section 143 (10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the IND AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the IND AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the IND AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the IND AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's directors, as well as evaluating the overall presentation of the IND AS financial statements.

We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the IND AS financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid IND AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2018, and

LAKSHMI ELECTRICAL CONTROL SYSTEMS LIMITED

Annexure - "B" to the Independent Auditors' Report

(Referred to in Paragraph 2(f) under "Report on Other legal and regulatory requirements" section of our report to the members of LAKSHMI ELECTRICAL CONTROL SYSTEMS LIMITED of even date).

Report on the Internal Financial Controls over Financial reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of LAKSHMI ELECTRICAL CONTROL SYSTEMS LIMITED as of 31st March 2018 in conjunction with our audit of the IND AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting

LAKSHMI ELECTRICAL CONTROL SYSTEMS LIMITED

included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the IND AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of IND AS financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of IND AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

ACCOUNTING POLICIES AND NOTES TO STATEMENT OF PROFIT AND LOSS AND BALANCE SHEET AS AT 31st MARCH, 2018

1. Company overview

Lakshmi Electrical Control Systems Limited ('the Company') is a public limited company incorporated in India. The company's equity shares are listed on BSE. The address of its registered office and principal place of business are disclosed in the introduction to the Annual Report. The company is engaged in the manufacturing and selling of control panels and plastic components.

2. Significant Accounting Policies

2.1 Statement of Compliance

The financial statements have been prepared as a going concern in accordance with Indian Accounting Standards (Ind AS) notified under the Section 133 of the Companies Act, 2013 ("the Act") read with the Companies (Indian Accounting Standards) Rules, 2015 and other relevant provisions of the Act.

Upto the year ended 31st March, 2017, the Company prepared financial statements in accordance with the requirements of previous GAAP, which includes standards notified under the Companies (Accounting Standards) Rules, 2006 and other relevant provisions of the Act.

These are Company's first Ind AS based financial statements. The date of transition to Ind AS is 1st April, 2016. Company has opted certain exemptions while first-time adoption of Ind AS based Financial statement (refer note 45 of Financial Statement)

2.2 Basis of Preparation and Presentation

The financial statements have been prepared on the historical cost convention on accrual basis except for certain financial instruments which are measured at fair value at the end of each reporting period, as explained in the accounting policies mentioned below. Historical cost is generally based on the fair value of the consideration given in exchange of goods or services.

The principal accounting policies are set out below:

All assets and liabilities have been classified as current or noncurrent according to the Company's operating cycle and other criteria set out in the Act. Based on the nature of products and the time between acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as twelve months for the purpose of current and non-current classification of assets and liabilities.

2.3 Going Concern

The Board of Directors have considered the financial position of the Company at 31st March, 2018 and projected cash flows and financial performance of the Company for at least twelve months from the date of approval of these financial statements as well as planned cost and cash improvement actions, and believe that the plan for sustained profitability remains on course.

The Board of Directors have taken actions to ensure that appropriate long-term cash resources are in place at the date of signing the accounts to fund the Company's operations.

2.4 Use of Estimates and Judgements

The preparation of financial statements in conformity with Ind AS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amount of assets, liabilities, income, expenses and disclosures of contingent assets and liabilities at the date of these financial statements and the reported amount of revenues and expenses for the years presented. Actual results may differ from the estimates.

Estimates and underlying assumptions are reviewed at each Balance Sheet date. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods affected.

2.5 Revenue Recognition

The Company recognizes revenue when the amount of revenue and its related cost can be reliably measured and it is probable that future economic benefits will flow to the entity and specific criteria in relation to significant risk.

LAKSHMI ELECTRICAL CONTROL SYSTEMS LIMITED

ACCOUNTING POLICIES AND NOTES TO STATEMENT OF PROFIT AND LOSS AND BALANCE SHEET AS AT 31st MARCH, 2018

2.5.1 Sale of goods

Revenue from sale of products is recognised when the products are delivered to the dealer / customer or when delivered to the carrier, when risks and rewards of ownership pass to the dealer / customer, as per terms of contract.

Revenue is measured at the fair value of the consideration received or receivable and net of returns, trade allowances and rebates. It includes excise duty but excludes Value Added Taxes.

2.5.2 Income from service

Income from services is accounted over the period of rendering of services.

2.6. Foreign Currencies

2.6.1 Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Company operates ('the functional currency'). The financial statements are presented in Indian Rupee, which is the Company's functional and presentation currency.

2.6.2 Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognized in profit or loss.

2.7. Employee Benefits

2.7.1 Short term obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognized in respect of employees' services upto the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the Balance Sheet.

2.7.2 Other long term employee benefit

The liabilities for earned leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of the expected future payments to be made in respect of services provided by employee upto the end of reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Measurements as a result of experience adjustments and changes in actuarial assumptions are recognized in profit or loss.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

Accumulated leave, which is expected to be utilized within the next 12 months, is treated as short-term employee benefit. The Company measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date.

The Company treats accumulated leave expected to be carried forward beyond twelve months, as long-term employee benefit for measurement purposes. Such long-term compensated absences are provided for based on the actuarial valuation using the projected unit credit method at the period-end. Actuarial gains/losses are immediately taken to the Statement of Profit and Loss and are not deferred. The Company presents the leave as a current liability in the Balance Sheet to the extent it does not have an unconditional right to defer its settlement for 12 months after the reporting date. Where Company has the unconditional legal and contractual right to defer the settlement for a period beyond 12 months, the same is presented as non-current liability.

ACCOUNTING POLICIES AND NOTES TO STATEMENT OF PROFIT AND LOSS AND BALANCE SHEET AS AT 31st MARCH, 2018

2.7.3 Post-employment obligation

The Company operates the following post-employment schemes:

- a) Defined benefit plans such as gratuity for its eligible employees, and
- b) Defined contribution plans such as provident fund.

Defined contribution plan:

Retirement benefit in the form of provident fund is a defined contribution scheme. The Company has no obligation, other than the contribution payable to the provident fund. The Company recognizes contribution payable to the provident fund scheme and pension scheme as expenditure, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognized as an asset to the extent that the pre-payment will lead to, for example, a reduction in future payment or a cash refund.

Defined benefit plan:

The Company has a gratuity defined benefit plans for its employees. The costs of providing benefits under these plans are determined on the basis of actuarial valuation at each year end. Separate actuarial valuation is carried out for each plan using the projected unit credit method. Re-measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and the balance sheet. The Company has funded this with Life Insurance Corporation of India ('LIC'). The contributions made to the LIC are treated as plan assets. The defined benefit obligation recognised in the balance sheet represents the present value of the defined benefit obligation as reduced by the fair value of plan assets.

2.7.4 Bonus plans

The Company recognizes a liability and an expense for bonus. The Company recognizes a provision where contractually obliged or where there is a past practice that has created a constructive obligation.

2.8. Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

2.8.1 Current tax

The income tax expenses or credit is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted.

2.8.2 Deferred tax

Deferred tax is provided in full, using the Balance Sheet approach, on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profits. Deferred tax liabilities are recognised for all taxable temporary differences. Deferred tax assets are recognised for all deductible temporary differences and incurred tax losses to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

LAKSHMI ELECTRICAL CONTROL SYSTEMS LIMITED

ACCOUNTING POLICIES AND NOTES TO STATEMENT OF PROFIT AND LOSS AND BALANCE SHEET AS AT 31st MARCH, 2018

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

2.8.3 Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the income taxes are also recognised in other comprehensive income or directly in equity respectively.

2.9. Property, plant and equipment

Property, plant and equipment are stated at cost of acquisition or construction less accumulated depreciation less accumulated impairment, if any.

Such assets are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. The other repairs and maintenance of revenue nature are charged to profit or loss during the reporting period in which they are incurred.

Transition to Ind AS

On transition to Ind AS, the Company has elected to continue with the carrying value of its property, plant and equipment recognised as at 1st April, 2016, measured as per the previous GAAP and use that carrying value as the deemed cost of the property, plant and equipment.

Depreciation methods, estimated useful lives and residual value :

Depreciation is calculated using the straight-line method on a pro-rata basis from the month in which each asset is put to use to allocate their cost, net of their residual values, over their estimated useful lives.

Estimated useful life of assets are as follows which is based on technical evaluation of the useful lives of the assets:

Particulars	Useful life in years (Nos.)
Buildings	30
Plant and equipments	15
Furniture and fixtures	10
Vehicles	10
Office Equipments	3

The assets' residual values, estimated useful lives and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

Gains and losses on disposal are determined by comparing proceeds with carrying amount and are credited / debited to profit or loss.

2.10. Intangible assets

Intangible assets are stated at cost of acquisition or construction less accumulated depreciation less accumulated impairment, if any.

ACCOUNTING POLICIES AND NOTES TO STATEMENT OF PROFIT AND LOSS AND BALANCE SHEET AS AT 31st MARCH, 2018

2.10.1 Deemed cost on transition to Ind AS

For transition to Ind AS, the Company has elected to continue with the carrying value of all of its intangible assets recognised as of 1st April, 2016 (transition date) measured as per the previous GAAP and use that carrying value as its deemed cost as of the transition date.

2.11. Impairment of tangible and intangible assets

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any).

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

2.12. Inventories

Inventories are valued at the lower of cost and net realizable value after providing for obsolescence and other losses where considered necessary.

Cost is determined on weighted average basis. The cost of finished goods and work in progress comprises raw materials, direct labor, other direct costs and appropriate proportion of variable and fixed overhead expenditure and also other costs incurred in bringing the inventories to their present location and condition. Overhead expenditures are being allocated on the basis of normal operating capacity. Costs of purchased inventory are determined after deducting rebates and discounts. Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale.

Non-production inventory (other than those supplied along with main plant and machinery, which are capitalised and depreciated accordingly) are charged to profit or loss on consumption.

2.13. Provisions and contingencies

Provisions: Provisions are recognised when there is a present obligation or constructive obligation as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and there is a reliable estimate of the amount of the obligation. Provisions are determined by discounting the expected future cash flows at a pre tax rate that reflects current market assessment of the time value of money and the risks specific to the liability.

Contingent Liabilities: Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

2.14. Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial instruments (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognized immediately in profit or loss. Subsequently, financial instruments are measured according to the category in which they are classified.

LAKSHMI ELECTRICAL CONTROL SYSTEMS LIMITED

ACCOUNTING POLICIES AND NOTES TO STATEMENT OF PROFIT AND LOSS AND BALANCE SHEET AS AT 31st MARCH, 2018

2.15. Financial assets

All purchases or sales of financial assets are recognized and de-recognized on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognized financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

2.15.1 Classification of financial assets

Classification of financial assets depends on the nature and purpose of the financial assets and is determined at the time of initial recognition.

The Company classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
- those measured at amortised cost.

The classification depends on the Company's business model for managing the financial assets and the contractual terms of the cash flows.

A financial asset that meets the following two conditions is measured at amortised cost unless the asset is designated at fair value through profit or loss under the fair value option:

- Business model test: the objective of the Company's business model is to hold the financial asset to collect the contractual cash flows.
- Cash flow characteristic test: the contractual term of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A financial asset that meets the following two conditions is measured at fair value through other comprehensive income unless the asset is designated at fair value through profit or loss under the fair value option:

- Business model test: the financial asset is held within a business model whose objective is achieved by both collecting cash flows and selling financial assets.
- Cash flow characteristic test: the contractual term of the financial asset gives rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

All other financial assets are measured at fair value through profit or loss.

2.15.2 Financial assets at fair value through profit or loss (FVTPL)

Investment in equity instrument are classified at fair value through profit or loss, unless the Company irrevocably elects on initial recognition to present subsequent changes in fair value in other comprehensive income for investments in equity instruments which are not held for trading.

Financial assets that do not meet the amortised cost criteria or fair value through other comprehensive income criteria are measured at fair value through profit or loss. A financial asset that meets the amortised cost criteria or fair value through other comprehensive income criteria may be designated as at fair value through profit or loss upon initial recognition if such designation eliminates or significantly reduces a measurement or recognition inconsistency that would arise from measuring assets and liabilities or recognising the gains or losses on them on different bases.

Investments in debt based mutual funds are measured at fair value through profit or loss.

Financial assets which are fair valued through profit or loss are measured at fair value at the end of each reporting period, with any gains or losses arising on re-measurement recognized in profit or loss.

2.15.3 Trade receivables

Trade receivables are recognised initially at fair value and subsequently measured at amortised cost less provision for impairment.

2.15.4 Cash and cash equivalents

In the cash flow statement, cash and cash equivalents includes cash in hand, cheques and drafts in hand, balances with bank and deposits held at call with financial institutions, short-term highly liquid investments

ACCOUNTING POLICIES AND NOTES TO STATEMENT OF PROFIT AND LOSS AND BALANCE SHEET AS AT 31st MARCH, 2018

with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value. Bank overdrafts are shown within borrowings in current liabilities in the balance sheet and forms part of financing activities in the cash flow statement. Book overdraft are shown within other financial liabilities in the balance sheet and forms part of operating activities in the cash flow statement.

2.15.5 Impairment of financial assets

The Company assesses impairment based on Expected Credit Losses (ECL) model to the following:

- financial assets measured at amortised cost
- financial assets measured at fair value through other comprehensive income

Expected credit loss are measured through a loss allowance at an amount equal to :

- the twelve month expected credit losses (expected credit losses that result from those default events on the financial instruments that are possible within twelve months after the reporting date); or
- full life time expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument).

For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 18, the Company always measures the loss allowance at an amount equal to lifetime expected credit losses.

2.15.6 Income recognition

Interest Income: Interest income from debt instruments is recognised using the effective interest rate method.

2.16. Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest rate method or at fair value through profit or loss.

2.16.1 Trade and other payables

Trade and other payables represent liabilities for goods or services provided to the Company prior to the end of financial year which are unpaid.

2.16.2 Borrowings

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the effective interest rate method.

Borrowings are removed from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss.

2.16.3 Foreign exchange gains or losses

For financial liabilities that are denominated in a foreign currency and are measured at amortised cost at the end of each reporting period, the foreign exchange gains and losses are determined based on the amortised cost of the instruments and are recognised in profit or loss.

The fair value of financial liabilities denominated in a foreign currency is determined in that foreign currency and translated at the exchange rate at the end of the reporting period. For financial liabilities that are measured as at fair value through profit or loss, the foreign exchange component forms part of the fair value gains or losses and is recognised in profit or loss.

2.17. Segment reporting

An operating segment is a component of the company that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the Company's other components and for which discrete financial information is available. Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker.

LAKSHMI ELECTRICAL CONTROL SYSTEMS LIMITED

ACCOUNTING POLICIES AND NOTES TO STATEMENT OF PROFIT AND LOSS AND BALANCE SHEET AS AT 31st MARCH, 2018

All operating segments' operating results are reviewed regularly by the Company's Chief Executive Officer [CEO], who is the Chief Operating Decision Maker [CODM], to make decisions about resources to be allocated to the segments and assess their performance. Information reported to the CODM for the purpose of resource allocation and assessment of segment performance focuses on the type of goods or services delivered or provided. The accounting policies adopted for segment reporting are in conformity with the accounting policies adopted for the Company. Revenue and expenses have been identified to segments on the basis of their relationship to the operating activities of the segment. Income / costs which relate to the Company as a whole and are not allocable to segments on a reasonable basis, have been included under unallocated income / costs. Interest income and expenses are not allocated to respective segments. Inter segment pricing is determined on arm's length basis. The Company has three reportable segments viz., Electricals, Plastics and Wind Power generation. Geographic information is based on business sources from respective geographic regions.

2.18. Leases

Leases of property, plant and equipment where the Company, as a lessee has substantially all the risks and rewards of ownership, are classified as finance leases. Finance leases are capitalised at the lease's inception at the fair value of the leased property or, if lower, the present value of the minimum lease payments. The corresponding rental obligations, net of finance charges, are included in borrowings or other financial liabilities as appropriate. Each lease payment is allocated between the liability and finance cost. The finance cost is charged to the profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Leases in which a significant portion of the risks and rewards of ownership are not transferred to the Company as lessee are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor) are charged to profit or loss on a straight-line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

2.19. Borrowing costs

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

Other borrowing costs are expensed in the period in which they are incurred.

2.20. Government grants

Grants from the government are recognised at their fair value where there is a reasonable assurance that the grant will be received and the Company will comply with all attached conditions.

Government grants relating to income are deferred and recognised in the profit or loss over the period necessary to match them with the costs that they are intended to compensate and presented within other income.

Government grants relating to the purchase of property, plant and equipment are included in non-current liabilities as deferred income and are credited to profit or loss on a straight-line basis over the expected lives of the related assets and presented within other income.

2.21. Earning Per Share

Basic earnings per share have been computed by dividing the net income by the weighted average number of shares outstanding during the year. Diluted earnings per share has been computed using the weighted average number of shares and diluted potential shares, except where the result would be anti-dilutive.

ACCOUNTING POLICIES AND NOTES TO STATEMENT OF PROFIT AND LOSS AND BALANCE SHEET AS AT 31st MARCH, 2018

(All amounts in ₹ Lakhs, unless otherwise stated)

2.22. Dividends

Final dividends on shares are recorded on the date of approval by the shareholders of the Company.

2.23. New Amendments issued yet not effective:

2.23.1 Ind AS 115, Revenue from contracts with customers

- a) It deals with revenue recognition and establishes principles for reporting useful information to users of financial statements about the nature, amount, timing and uncertainty of revenue and cash flows arising from an entity's contracts with customers. The standard replaces Ind AS 18 Revenue and Ind AS 11 Construction contracts and related appendices. The new standard is mandatory for financial years commencing on or after 1st April, 2018 and early application is not permitted. The standard permits either a full retrospective or a modified retrospective approach for the adoption.
- b) The Company is in the process of evaluating the impact of the standard.

2.23.2 Amendments to Ind AS 40 Investment property - Transfers of investment property

- a) The amendments clarify that transfers to, or from, investment property can only be made if there has been a change in use that is supported by evidence. A change in use occurs when the property meets, or ceases to meet, the definition of investment property.
- b) The Company has assessed the impact of the above the notification and concluded there is no impact on the above.

2.23.3 Amendments to Ind AS 12 Income taxes regarding recognition of deferred tax assets on unrealised losses

- a) The amendments clarify the accounting for deferred taxes where an asset is measured at fair value and that fair value is below the asset's tax base.
- b) The Company is in the process of evaluating the impact of the standard.

2.23.4 Notification of Appendix B to Ind AS 21 Foreign currency transactions and advance consideration

- a) The MCA has notified Appendix B to Ind AS 21, Foreign currency transactions and advance consideration. The appendix clarifies how to determine the date of transaction for the exchange rate to be used on initial recognition of a related asset, expense or income where an entity pays or receives consideration in advance for foreign currency-denominated contracts.
- b) The Company has assessed the impact of the above the notification and concluded there is no impact on the above.

The Company expects to make the contribution of the above liability to the defined benefit plan during the next financial year.

(iv) Post-Employment benefits

Significant estimates: actuarial assumptions and sensitivity

The significant actuarial assumptions were as follows:

Particulars	As at 31 st March, 2018	As at 31 st March, 2017	As at 1 st April, 2016
Discount rate	7.73%	8.00%	8.00%
Salary growth rate	11.00%	7.00%	7.00%
Attrition rate	3.00%	5.00%	5.00%
Expected return on assets	7.73%	8.00%	8.00%

(v) Brief description of the Plans & risks

These plans typically expose the Company to actuarial risks such as : Investment risk, interest risk, longevity risk and salary risk.

Investment risk:

The present value of the defined benefit plan liability is calculated using a discount which is determined with reference to market yields at the end of the reporting period on government bonds. Plan investment is a mix of investments in government securities, other debt instruments and equity shares of listed companies.

Interest risk:

A decrease in the bond interest rate will increase the plan liability. However, this will be partially offset by an increase in the return on the plan's debt instruments, if any.

Notes to the Financial Statements for the Year Ended 31st March, 2018

(All amounts in ₹ Lakhs, unless otherwise stated)

Longevity risk:

The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

Salary risk:

The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of plan participants will increase the plan's liability.

(vi) Sensitivity analysis

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

Impact on defined benefit obligation

Particulars	Change in assumption		Increase in assumption		Decrease in assumption	
	As at 31 st March, 2018	As at 31 st March, 2017	As at 31 st March, 2018	As at 31 st March, 2017	As at 31 st March, 2018	As at 31 st March, 2017
Discount rate	1.00%	1.00%	(9.00%)	(7.76%)	10.32%	7.10%
Salary growth rate	1.00%	1.00%	9.31%	6.40%	(8.33%)	(7.25%)

The above sensitivity analysis are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the balance sheet.

(i) Fair value hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the group has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level follows underneath the table.

Financial assets and liabilities measured at fair value - recurring fair value measurements

Particulars	Note No.	Level 1	Level 2	Level 3	Total
As at 31st March, 2018					
Financial Investments at FVOCI:	6	6,121.96	-	-	6,121.96
Financial Investments at FVTPL:	6	4,209.05	-	-	4,209.05
Total financial assets		10,331.01	-	-	10,331.01
As at 31st March, 2017					
Financial assets					
Financial Investments at FVOCI:	6	3,764.23	-	-	3,764.23
Financial Investments at FVTPL:	6	2,100.85	-	-	2,100.85
Total financial assets		5,865.08	-	-	5,865.08
As at 1st April, 2016					
Financial assets					
Financial Investments at FVOCI:	6	2,968.24	-	-	2,968.24
Total financial assets		2,968.24	-	-	2,968.24

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments, traded bonds and mutual funds that have quoted price. The fair value of all equity instruments (including bonds) which are traded in the stock exchanges is valued using the closing price as at the reporting period. The mutual funds are valued using the closing NAV.

Level 2: The fair value of financial instruments that are not traded in an active market (for example, traded bonds, over-the-counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities, contingent consideration and indemnification asset included in level 3.

There are no transfers between levels 1 and 2 during the year.

The Company's policy is to recognise transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period.

(ii) Valuation technique used to determine fair value

Specific valuation techniques used to value financial instruments include the use of quoted market prices or dealer quotes for similar instruments. The carrying amounts of trade receivables, trade payables, cash and cash equivalents and other current financial liabilities are considered to be the same as their fair values, due to their short-term nature.

34. CAPITAL MANAGEMENT

(a) Risk management

The Company's objectives when managing capital are to

- safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders, and
- maintain an optimal capital structure to reduce the cost of capital.

In order to maintain or adjust the capital structure, The company may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt.

Company is debt free currently and it intends to maintain a optimal gearing ratio for optimising shareholder value.

(b) Dividends

Particulars	(Amount in ₹)
Final Dividend for the year ended 31 st March, 2017 of ₹ 10/- per fully paid share (For year ended 31 st March, 2016: ₹ 8.00)	8.00
Final Dividend for the year ended 31 st March, 2016 of ₹ 10/- per fully paid share (For year ended 31 st March, 2015 : ₹ 7.00)	8.00

35. FINANCIAL RISK MANAGEMENT

The Company's activities expose it to market risk, liquidity risk and credit risk.

(A) Credit risk

Company faces credit risk from cash and cash equivalents, deposits with banks and financial institutions and unsecured trade receivables. The Company doesn't face any credit risk with other financial assets

(i) Credit risk management

Credit risk on deposit is mitigated by the depositing the funds in Scheduled Commercial Banks.

For trade receivables, the primary source of credit risk is that these are unsecured. The Company sells the products to customers only when the collection of trade receivables is certain and whether there has been a significant increase in the credit risk on an on-going basis is monitored throughout each reporting period. As at the balance sheet date, based on the credit assessment the historical trend of low default is expected to continue. An impairment analysis is performed at each reporting date on an individual basis for major clients. Any recoverability of receivables is provided for based on the impairment assessment. Historical trends showed as at the transition date and 31st March, 2017 company had no significant credit risk.

(ii) Provision for expected credit losses for trade receivables

The company provides for expected credit loss based on the following:

Year Ended 31st March, 2018

Expected credit loss for trade receivables under simplified approach:

Ageing	Not due	0-60 days past due	61-180 days past due	More than 180 days past due	Total
Gross carrying amount	3,122.82	1,786.28	45.24	52.88	5,007.22

Carrying amount of trade receivables (net of impairment)	3,122.82	1,786.28	45.24	52.88	5,007.22

(B) Liquidity risk

Objective of liquidity risk management is to maintain sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due. Management monitors rolling forecasts of the Company's liquidity position (comprising the undrawn borrowing facilities below) and cash and cash equivalents on the basis of expected cash flows. The Company's liquidity management policy involves projecting cash flows in major currencies and considering the level of liquid assets necessary to meet these, monitoring Balance Sheet liquidity ratios against internal requirements.

(i) Financing arrangements

The Company had access to the following undrawn borrowing facilities at the end of the reporting period:

Particulars	As at 31 st March, 2018	As at 31 st March, 2017	As at 1 st April, 2016
Floating rate			
- Expiring within one year (bank overdraft and other facilities)	1,231.27	1,042.86	1,472.52

LAKSHMI ELECTRICAL CONTROL SYSTEMS LIMITED

Notes to the Financial Statements for the Year Ended 31st March, 2018

(All amounts in ₹ Lakhs, unless otherwise stated)

The bank overdraft facilities may be drawn at any time and may be terminated by the bank without notice. Subject to the continuance of satisfactory credit ratings, the bank loan facilities may be drawn at any time in INR and have an average maturity of 1 year.

(ii) Maturities of financial liabilities

The tables below analyse the Company's financial liabilities into relevant maturity groupings based on their contractual maturities for:

- all non-derivative financial liabilities, and
- net and gross settled derivative financial instruments for which the contractual maturities are essential for an understanding of the timing of the cash flows.

The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances as the impact of discounting is not significant.

(C) Market risk

(i) Foreign currency risk

The Company activities exposes it to foreign exchange risk arising from foreign currency transactions, primarily with respect to the USD and EURO. Foreign exchange risk arises from future commercial transactions and recognised assets and liabilities denominated in a currency that is not the Company's functional currency (INR). The risk is measured through a forecast of highly probable foreign currency cash flows.

The Company's exposure to foreign currency risk at the end of the reporting period expressed in INR, are as follows:

Particulars	As at 31 st March, 2018		As at 31 st March, 2017		As at 1 st April, 2016

45. FIRST-TIME ADOPTION OF IND AS
Transition to Ind AS

These are the Company's first financial statements prepared in accordance with Ind AS.

The accounting policies set out in note 2 have been applied in preparing the financial statements for the year ended 31st March, 2018, the comparative information presented in these financial statements for the year ended 31st March, 2017 and in the preparation of an opening Ind AS balance sheet as at 1st April, 2016 (The Company's date of transition). In preparing its opening Ind AS Balance Sheet, the Company has adjusted the amounts reported previously in financial statements prepared in accordance with the accounting standards notified under Companies (Accounting Standards) Rules, 2006 (as amended) and other relevant provisions of the Act (previous GAAP or Indian GAAP).

An explanation of how the transition from previous GAAP to Ind AS has affected the Company's financial position, financial performance and cash flows is set out in the following notes.

A. Exemptions and exceptions availed

Set out below are the applicable Ind AS 101 optional exemptions and mandatory exceptions applied in the transition from previous GAAP to Ind AS.

A.1 Ind AS optional exemptions
A.1.1 Deemed cost

Ind AS 101 permits a first-time adopter to elect to continue with the carrying value for all of its property, plant and equipment as recognised in the financial statements as at the date of transition to Ind AS, measured as per the previous GAAP and use that as its deemed cost as at the date of transition after making necessary adjustments for de-commissioning liabilities.

Accordingly, the Company has elected to measure all of its property, plant and equipment, intangible assets and investment property at their previous GAAP carrying value.

A.1.2 Designation of previously recognised financial instruments

Ind AS 101 allows an entity to designate investments in equity instruments at FVOCI on the basis of the facts and circumstances at the date of transition to Ind AS. The Company has elected to apply this exemption for its investment in equity investments.

A.2 Ind AS mandatory exceptions**A.2.1 Estimates**

An entity's estimates in accordance with Ind AS at the date of transition to Ind AS shall be consistent with estimates made for the same date in accordance with previous GAAP (after adjustments to reflect any difference in accounting policies), unless there is objective evidence that those estimates were in error. Ind AS estimates as at 1st April, 2016 are consistent with the estimates as at the same date made in conformity with previous GAAP. The Company made estimates for following items in accordance with Ind AS at the date of transition as these were not required under previous GAAP:

- Investment in equity instruments carried at FVOCI;
- Investment in mutual funds carried at FVTPL;

B. Notes to first-time adoption:**Note 1: Investment in Mutual fund**

Under previous GAAP, current investments in mutual funds were carried at cost or NRV whichever is lower, Under Ind-AS the Mutual funds is carried at fair value through profit & loss (FVTPL) this resulted in increase of equity by ₹ 0.85 as at 31st March, 2017. (1st April, 2016 – ₹ NIL).

Note 2: Fair valuation of investments

Under Previous GAAP, investment in equity instruments were carried at nominal value, under the Ind-AS same investments are carried at FVOCI, Consequent to this change, the amount of investments increased by ₹ 795.99 as at 31st March, 2017 (1st April, 2016 – ₹ 2,898.66).

Note 3: Remeasurements of post-employment benefit obligations

Under Ind AS, remeasurements i.e. actuarial gains and losses and the return on plan assets, excluding amounts included in the net interest expense on the net defined benefit liability are recognised in other comprehensive income instead of profit or loss. Under the previous GAAP, these remeasurements were forming part of the profit or loss for the year.

Under IGAAP company has not recognised net asset position in gratuity, on adoption of Ind-AS group has recognised net asset position as on 1st April, 2016 which has resulted in increase of retained earnings by ₹ 1.04 and retained earnings by ₹ 15.78 as at 31st March, 2017.

Note 4: Deferred Taxes

Deferred tax have been recognised on the adjustments made on transition to Ind AS.

Note 5: Proposed dividend

Under the previous GAAP, proposed dividends were recognised as a provision in the financial statements, even if declared after the balance sheet date. Under Ind AS, dividends are recognised when declared. This resulted in a timing difference and has been reflected in total equity of the relevant financial years.
