

Years of Service
to the World

Commitment to Excellence

From the CMD Desk

It gives me great pleasure to inform you that our company has been showing consistent high performance in sales, quality and delivery added with R&D efforts to bring new contract manufactured products such as Railway products ,Renewable energy products and Switchgear with drives. The rich experience of our employees is enabling us to focus and deliver on such new initiatives and we keep meeting our customers' requirement as primary objective in all our endeavours. We thank all stakeholders for their cooperation so far and seek the same in the years to come for us to sustainably grow.

Chairperson and Managing Director

Facilities

CPD 1 Assembly Block

CPD 2 Assembly Block

Plastic Machine Shop

Tool Room

Cable Harness Block

Admin Block

Control Panels

- 3000 control panels per month
- 5 Acres factory area
- Contract Manufacturing for OEM's
- In-house sheet metal fabrication unit

Cable Harness

- Automatic wire cutting & crimping machines
- Skilled manpower
- High quality products
- Automated testing kits

Engineering Plastic Components

- 31 Machines from 45 T to 350T
- Component weight from 0.5g to 1000g
- Component size 500 mm x 500 mm
- Minimum wall thickness 0.5mm
- UV stabilized, FR (Flame Retardant),

Commercial Tool Room

- World class machineries
- Thermoplastic Injection Moulds
- Die Casting Dies
- Mould weight up to 6MT
- Mould life up to 10Mn Shots

Railways & Metro

- Dedicated team for Railways
- Point machine
- LHB coach AC & Non AC Panels
- Cable Harness

Renewable Energy

- Dedicated ESD assembly line
- Complete In-house test setup
- Panel manufacturing for Wind & Solar OEM's
- Skilled resources for assembly and testing

Circuit Breakers, Switchgears & Controlgears

DYNAGEAR

Description	Rating
Air Circuit Breaker (ACB)	630A – 6300A
Moulded Case Circuit Breaker (MCCB)	125A – 1200A
Motor Protection Circuit Breaker (MPCB)	Up to 80A
Residual Current Circuit Breaker (RCCB)	Up to 125A
RCCB with Overcurrent Protection (RCBO)	Up to 125A
Miniature Circuit Breaker (MCB)	Up to 63A
Disconnectors switch	Up to 125A
Load break & CO switch	125-3150A
Automatic Transfer Switch (ATS)	Up to 1600A
Power Contactors	Up to 800A
Capacitor Duty Contactor	Up to 50kVAR
Modular Contactors	Up to 80A
Definite Purpose Contactors (DP)	Up to 80A
Over Load Relay (OLR)	Up to 800A

Drives & Power Supply

DG100 Economical AC Drives (V/F control)	DG500 Mini AC Drives (V/F control)
DG620 General Purpose AC Drives (V/F control, SVC1, SVC2)	DG820 High Performance AC Drives (V/F control, SVC1, SVC2, VC control)
DG510 AC Drives (general purpose or textile dedicated)	DG600E Elevator Dedicated Drives
DG1000 AFE (Active Front End) Drives	DGSLR01/02 – Solar Pump Drive

Certifications

- Integrated Management System, QHSE
- IATF 16949
- 5s excellency Level
